Product Overview:
Virtual reality's original mascot is back!

Lucky’s Tale is the story of a brave fox on a quest to save his friend Piggy from the monstrously tentacled Glorp. As Lucky, players will run, jump, climb, and spin their way through a bright, colorful world full of charming, wacky characters, menacing boss battles, hundreds of secrets to discover, and exciting 3D platforming action. Become a hero and save the day in the groundbreaking game that launched a beloved franchise, now remastered for modern VR headsets!

Key Features:

- NEW: Remastered for modern headsets, featuring updated lighting, rendering, and remixed audio
- NEW: Refined movement and an upgraded character model from Lucky's latest adventure, *New Super Lucky's Tale*.
- Diverse levels featuring lush swamps, underwater ruins, deep catacombs, an active volcano, secret foxholes, and more
- Headset tracking for aiming, throwing, finding hidden items; touch controls for interacting with Lucky and menus
- Additional timed-based and collectathon challenges that reward replays
- Designed for all ages and skill levels

Lucky’s Legacy:
An exclusive launch title for the Oculus Rift in 2016, Lucky’s Tale broke ground as the first 3rd person perspective platforming game in virtual reality, showing the world VR can be much more than 1st person experiences. Its pioneering approach to camera, character motion, environment, and gameplay provide a thrilling yet

comfortable experience, allowing players to freely roam immersive environments that are at once both toy-like and vast in scale. It influenced a generation of VR developers and players, and it launched a franchise with more than 4 million players across multiple gaming platforms.
